Objective:

- Define PCOS
- Discuss Risk Factors
- Explain Symptoms
- Address Long-term Health Implications
- Highlight Psychological Impact
- Emphasize Early Detection
- Educate on Diagnosis and Testing
- Discuss Lifestyle Management
- Highlight Treatment Options
- Encourage Communication with Healthcare Providers
- Raise Awareness on the Impact of PCOS on Fertility

Activity Details:

The Talk on " **PCOS Awareness**," held on November 26, 2023, aimed to Clearly explain what PCOS is, its symptoms, and how it affects the reproductive system, Share statistics and emphasize the prevalence of PCOS among women of reproductive age, Identify and discuss the various risk factors associated with PCOS, including genetic, lifestyle, and environmental factors, Provide an in-depth overview of the common symptoms of PCOS, including irregular menstrual cycles, hormonal imbalances, acne, and weight gain, Stress the importance of early detection and diagnosis for effective management and prevention of complications etc.

Ms. Lumi Bhagat, Associate Professor, HOD of the Department Of Prasuti Tantra Evum Stri Roga, Parul University explore important points During the seminar, attendees had the opportunity to know the diagnostic criteria for PCOS and the tests involved, encouraging individuals with symptoms to seek medical advice, Provide information on lifestyle changes, including diet, exercise, and stress management, as effective ways to manage PCOS symptoms, Explore

Glimpses of activity:

Expert was Discussed about the symptoms

Girls Students attending the session.

Expert interaction with students

Students asking doubts about stress management

Outcome:

The seminar audience comprehensively understands PCOS, its symptoms, and impact on reproductive health.

Raise Awareness: Make the audience aware of the prevalence and risk factors associated with PCOS.

Emphasize Early Detection: Stress the importance of early diagnosis for effective management and prevention of complications.

Encourage Dialogue: Promote open communication about PCOS, fostering a supportive environment.

Promote Healthy Lifestyle: Provide information on lifestyle management to alleviate symptoms and improve overall well-being.

Address Psychological Impact: Highlight the emotional and psychological aspects, encouraging empathy and support.

Empower Advocacy: Inspire individuals to become advocates for PCOS awareness and research.

Offer Resources: Provide reputable sources for further information, support networks, and avenues for

PARULINSTITUTEOF ENGINEERING &TECHNOLOGY FACULTY OF ENGINEERING & TECHNOLOGY PARULUNIVERSITY

healthcare.

Foster a Supportive Community: Encourage the establishment of support networks for individuals affected by PCOS.

Ultimately, the goal is to empower individuals with knowledge, promote understanding and support, and contribute to an environment where those affected by PCOS can lead healthier lives.

Objective:

The objective of the workshop on Benefits of yoga and health care for Working Women is to integrate yoga and healthcare practices for working women is to enhance their overall well-being. Benefits include stress reduction, improved mental health, enhanced physical fitness, better posture, increased energy levels, improved focus, hormonal balance, better sleep quality, a sense of community, and preventive healthcare. This holistic approach aims to empower working women to manage stress, maintain physical health, and improve their overall quality of life.

Introduction:

The Benefits of yoga and health care for Working Women Workshop aims to empower working women with knowledge and tools to prioritize their health and well-being amidst the demands of their professional and personal lives.

The workshop on the benefits of yoga and healthcare for working women addresses the specific needs of this demographic. It covers stress management, physical health, work-life balance, women's health issues, team building, networking, productivity, and long-term well-being. By incorporating yoga and healthcare practices, working women can improve their mental and physical health, enhance productivity, and establish habits for long-term wellness. Additionally, participants will have had the opportunity to build a supportive community focused on prioritizing health in the workplace and beyond. Ultimately, the workshop empowers working women to take proactive steps towards a healthier and more balanced lifestyle, both personally and professionally.

Faculty Coordinators:

Under the esteemed guidance of Dr. Vipul Vekariya, the respected Dean and Principal of the Faculty of Engineering and Technology, the event was expertly coordinated by Dr. Pooja Bhatt and Ms. Kiran Mackwan. Throughout the event Dr. Amit Barve Head of the Computer Science and Engineering department alongside the Dean, offered unwavering support and guidance to the participants. Their continuous assistance ensured a conducive and productive environment, allowing participants to thrive and excel in their endeavors. The collective efforts of the coordinators, HOD and the Dean were instrumental in the success of the event.

Glimpses of activity:

Figure 2 : Session on Yoga

Figure 3: Session on Routine exercise

Figure 4: Question answering session with Participants

Figure 4: Expert with coordinators

Outcome:

The workshop on the Benefits of Yoga and Health Care for Working Women aims to bring about positive transformations in participants' lives. Through practical sessions and insights, the workshop focuses on stress management, enhanced physical fitness, improved mental health, and the development of a supportive community. Participants leave with actionable strategies, increased awareness of the importance of self-care, and the empowerment to prioritize their well-being amidst professional responsibilities. The ultimate goal is to foster a sustained positive impact on both personal and professional aspects of their lives.

Activity Details:

September is declared as the month for generating awareness regarding PCOS. PCOS is a widely occurring multisystem endocrine disorder that has its roots in lifestyle. If left untreated, it can result in severe health disturbances that can compromise the quality of life of girls and women in the reproductive age group.

A large number of girls studying in the various colleges of Parul University fall in the susceptible age group. Prevention is better than cure. Heightened awareness regarding this malady can help girls to make healthy lifestyle choices and tackle it at the very beginning.

In order to generate awareness amongst the female students of the PU campus, Women Development cell in collaboration with Department of Stree Roga & Prasuti Tantra, PIAR jointly organized a series of awareness talks in several colleges on the campus of Parul University.

	WORK	

The talks were attended by girls in large numbers and spiked their interest and improved their awareness regarding PCOS. They were educated about the causative and risk factors, and healthier alternatives in day-to-day life. They were also instructed about Ayurvedic remedies and therapies that can help afflicted women and facilities that can be availed at

Khemdas Hospital. At the end of each session, an interactive question and answer session was also conducted to dispel, any doubts and queries posed by the students.

Outcome: The overall experience was satisfying for the faculties who took the efforts to add to the knowledge of the students. The students too found the lectures informative and valuable.
